

# Menopause and Heart Health: Is There a Connection?

**Date:** Monday, March 11, 2024

**Time:** 12–1 pm (Eastern Time)

More women in the United States are living longer, and some will spend nearly half their lives post-menopausal. We will discuss the connection between menopause and heart health. We will also share how to prevent heart disease before, during, and after menopause.

## Featured Speaker: Colleen M. Harrington, MD, FACC, FASE

Dr. Harrington is a cardiologist (heart doctor) and faculty member at Mass General. She is one of the associate program directors of the MGH Cardiology Fellowship and the Cardiology Clerkship Director for Harvard Medical School. She is the current Governor of the Massachusetts Chapter of the American College of Cardiology (ACC) and serves on several ACC national committees such as the Cardiovascular Disease in Women Committee and the Cardio-Obstetrics Workgroup. Her clinical and research interests include heart disease in women and valvular heart disease.

- This program is free and open to Mass General patients, families, staff, and the general public.
