

# Aging and the Lower Urinary Tract in Females

**Date:** Tuesday, September 19, 2023

**Time:** 12–1 pm (Eastern Time)

Join Joel Lee, PA-C, to learn about lower urinary tract symptoms related to aging, physiology, and anatomy for females. He will highlight different aspects of the topic:

- How aging affects the lower urinary tract for everyone
- What to expect during a visit with urology
- Urinary incontinence (leaking urine)
- Urinary tract infections and pelvic pain

## Featured Speaker: Joel Lee, PA-C

Joel Lee is a Physician Assistant in the Department of Urology at Mass General. His mission with patients is to provide extraordinary care in all interactions by fostering an environment of trust, education, and empathy. He has spent the last 5 years specializing in neuro-urology and the aging lower urinary tract.

- This program is free and open to Mass General patients, families, staff, and the general public.
